HISTORY

Established in 2002 as a private corporate entity with Logistics service.

Authorized to operate by the Civil Aviation Authority, Jordanian Maritime Authority and Ministry of Transport.

In 2005 we expanded our team members and in 2005 was our international expansion when we opened our branch in China, through to 2014 when we opened our new location and moved to it.

In 2018 we successfully accomplished our biggest project in Jordan "Attarat Power Project", In 2020 we moved the largest object ever to be transported inside of Jordan, 2022 was our "Arab Potash Co." project where we handled Transportation and Customs Clearance, and Many more.

WE CONTINUE TO PROGRESS AND ACHIEVE A SERIES OF SUCCESSES.
